OVERVIEW

Baptist Health South Florida is the largest healthcare organization in the region, with 11 hospitals, more than 23,000 employees, 4,000 physicians and 100 outpatient centers, urgent care facilities and physician practices spanning Miami-Dade, Monroe, Broward and Palm Beach counties. Baptist Health has internationally renowned Centers of Excellence in cancer, cardiovascular care, orthopedics and sports medicine, and neurosciences. In addition, it includes Baptist Health Medical Group; Baptist Health Quality Network; and Baptist Health Care On Demand, a virtual health platform. A not-for-profit organization supported by philanthropy and committed to its faith-based charitable mission of medical excellence, Baptist Health has been recognized by Fortune as one of the 100 Best Companies to Work For in America and by Ethisphere as one of the World's Most Ethical Companies.

Baptist Health South Florida offers an extensive range of medical and surgical services, supported by innovative technology and renowned Centers of Excellence.

CENTERS OF EXCELLENCE ORTHOPEDICS

Miami Orthopedics & Sports Medicine Institute now comprises 28 highly specialized, Board-certified and fellowship-trained orthopedic physicians. They are supported by 29 advanced practice providers and 30 athletic trainers, all of whom play a vital role in the patient experience. The Institute's physicians and support staff provide sports medicine services for pro athletes including the Miami Dolphins, Miami HEAT and Florida Panthers, as well as high school and collegiate athletic programs and international sporting events. They also treat professional and Olympic athletes from around the world. The services are not limited to these elite competitors, however; recreational athletes and "regular citizens" have access to the same exceptional standard of care. Miami Orthopedics & Sports Medicine Institute provides comprehensive orthopedic services using innovative technologies and minimally invasive treatments. Experienced physicians offer advanced orthopedic, foot and ankle, trauma, joint replacement, pediatric orthopedic, sports medicine, hand and spine care.

Miami Orthopedics & Sports Medicine Institute is ranked among the top 50 best orthopedic hospitals in the nation by U.S. News & World Report. The Institute is also rated one of America's best hospitals for hip replacement surgery and for knee replacement surgery by U.S. News & World Report.

TREATMENTS & SERVICES

- Orthopedic Trauma Surgery
- Physical & Hand Therapy
- Orthopedics
- Primary Care
- Total Joint Replacement
- Sports Medicine
- Orthopedic Imaging
- Orthopedic Surgery
- Non-Surgical Treatments

CENTERS OF EXCELLENCE ONCOLOGY

Miami Cancer Institute is known for its personalized clinical care and research, compassionate patient experience and state-of-the-art technology – including the first proton therapy center in South Florida, Latin America and the Caribbean, and the only radiation oncology program in the world with each of the latest radiation therapies in one place. No other cancer program in the region has the cancer-fighting expertise, backed by the Memorial Sloan Kettering Cancer Alliance, paired with the innovative technology – including advanced genomic testing, advanced skin cancer detection and proton therapy – that is available at Miami Cancer Institute. The multidisciplinary team uncovers what's driving your cancer and delivers precise and effective treatments. At Miami Cancer Institute, molecular diagnostics are used to fully understand the molecular makeup of a patient's cancer, which helps the experts create personalized and targeted treatment plans. Unmatched in South Florida, the Institute is at the forefront of cancer treatment and prevention, with its use of molecular diagnostics and genetic risk assessment. With a full understanding of the genomic architecture behind each cancer, able to successfully leverage precision therapies and provide better outcomes.

Designed for healing, wellness and recovery, Miami Cancer Institute believes that taking care of the whole patient is an important component of providing personalized cancer care. The Cancer Patient Support center addresses the psychological, physical, social and spiritual needs of their patients during cancer treatment and beyond.

Miami Cancer Institute was recognized as one of the top three cancer hospitals in the South Florida region and one of America's Best Hospitals for performing lung cancer surgery and colon cancer surgery by U.S. News & World Report. Miami Cancer Institute was also recently granted full accreditation by the ASTRO Accreditation Program for Excellence (APEX[®]) for a four-year term effective August 10, 2021. With this accreditation, Miami Cancer Institute is now one of only seven radiation oncology facilities in the state of Florida to have received this prestigious honor, and the first and only APEX-accredited proton center in Florida.

CENTERS OF EXCELLENCE CARDIOLOGY

Miami Cardiac & Vascular Institute is the largest and most comprehensive cardiovascular facility in the region, with over 25 locations across South Florida. The team of multilingual, multidisciplinary specialists pioneered the development of minimally invasive techniques used to treat aneurysms, blockages in veins and arteries and holes in the heart. It is the first in the United States to use technology developed with Philips that makes it easier for doctors to perform image-guided procedures for heart and vascular disease.

The Institute offers more than 50 clinical trials in all areas of cardiovascular care, including clinical trials organized through the National Institutes of Health. This national participation requires that the Institute research and facilities meet a high standard of quality, which translates to better outcomes and care for patients.

Miami Cardiac & Vascular Institute was recognized as a high-performing hospital for heart failure, heart bypass surgery and abdominal aortic aneurysm repair by U.S. News & World Report.

TREATMENTS & SERVICES

- Aneurysms
- Cardiac Rehabilitation
- Cardiac Surgery
- Cardio-Oncology
- Cardiology
- Carotid Artery Disease
- Coronary Artery Disease
- Heart Failure
- Heart Valve Disease
- Hypertension
- Interventional Oncology
- Irregular Heartbeats
- Lipid Management Program
- Sports Cardiology
- Stroke and Neurovascular Disease
- Structural/Congenital Heart Disease
- Vascular Disease

CENTERS OF EXCELLENCE NEUROSCIENCE

Miami Neuroscience Institute offers comprehensive and compassionate treatment for neurological conditions affecting the brain, spinal cord and peripheral nervous system. From non-surgical treatments and minimally invasive procedures to complex brain and spine surgery, the Institute embraces a multidisciplinary approach to patient care. Miami Neuroscience Institute is part of the National Institutes of Health (NIH) StrokeNet, a nationwide effort focused on stroke research with the goal of getting new treatments in the community faster.

At the Spine Center at Miami Neuroscience Institute, physical medicine and rehabilitation specialists diagnose and treat the source of back, neck and spine pain, using their minimally invasive and non-surgical treatments.

TREATMENTS & SERVICES

- Back, Neck and Spine Surgery
- Brain Injury and Concussions
- Brain Tumors
- Diagnostic Testing and Imaging
- Epilepsy
