Sept 2024

Dublin, Ireland

Fast Facts

~750,000

Approximately 750,000 people serving clients

Introduction

Accenture is a leading global professional services company that helps the world's leading businesses, governments and other organizations build their digital core, optimize their operations, accelerate revenue growth and enhance citizen services—creating tangible value at speed and scale. Accenture is a talent- and innovation-led company with approximately 750,000 people serving clients in more than 120 countries. Technology is at the core of change today, and Accenture is one of the world's leaders in helping drive that change, with strong ecosystem relationships. Accenture combines strength in technology and leadership in cloud, data and AI with unmatched industry experience, functional expertise and global delivery capability. Accenture is uniquely able to deliver tangible outcomes because of its broad range of services, solutions and assets across Strategy & Consulting, Technology, Operations, Industry X and Song.

U.S.-U.A.E. Partnerships

Accenture's primary focus for the coming year in the Middle East is threefold. Firstly, Accenture is determined to solidify its Middle East leadership in the responsible adoption of Generative AI. Secondly, Accenture recognizes the rapid pace of change businesses are facing and is doubling down on efforts to help clients in the Middle East navigate this dynamic environment by fostering agility and building cutting-edge solutions that enable them to adapt and thrive. Finally, sustainability remains a core value. Accenture continues to push the boundaries of environmental efforts while collaborating with clients to create a more sustainable future across all sectors.

Key U.S.-U.A.E. partnerships include:

- **CBUAE and Accenture Launch SupTech Initiative to Boost Efficiency and Stability in U.A.E.'s Financial System:**
The Central Bank of the U.A.E. (CBUAE) and Accenture signed an agreement to launch the Supervisory Technology (SupTech) and Enterprise Data Management initiative, one of the nine pillars of CBUAE's Financial Infrastructure Transformation (FIT) program.
- **Accenture and World Governments Summit Recommend Approaches for High-Impact AI Use in Government:**
The WGS and Accenture have released a new report outlining key strategies for the ethical and effective use of Generative AI by government agencies.
- **Emirates Nature-WWF has teamed up with Accenture to advance the implementation of Sustainable Blue Economy (SBE) principles in the U.A.E.**
- **e& Chooses Accenture as Strategic Ally for Groundbreaking Responsible Sourcing Initiative:**
Accenture, selected as the strategic partner for e&'s responsible sourcing, will shape a three-year roadmap and supplier engagement framework, embedding sustainability into the telecom and technology provider's entire supply chain.

Leadership

Julie Sweet

Chair & Chief Executive
Officer of Accenture

Julie Sweet is chair and chief executive officer of Accenture. She became CEO in September 2019 and assumed the additional position of chair in September 2021. Previously, she served as chief executive officer of Accenture's business in North America, the company's largest geographic market. Prior to that, she was Accenture's general counsel, secretary, and chief compliance officer for five years. Before joining Accenture in 2010, Julie was a partner for 10 years in the law firm Cravath, Swaine & Moore LLP.

Julie serves on the World Economic Forum Board of Trustees. Additionally, Julie is board chair of Catalyst and serves on the board of trustees for the Center for Strategic & International Studies and for the Marriott Foundation for People with Disabilities – Bridges from School to Work.

Julie holds a Bachelor of Arts degree from Claremont McKenna College and a Juris Doctor from Columbia Law School.

Julie has been recognized as one of Fortune's Most Powerful Women in Business and by Forbes as one of The World's 100 Most Powerful Women.

Omar Boulos

Market Unit Lead

Omar Boulos leads the Middle East Market Unit at Accenture, overseeing the business across all industries in this region, and is a member of the Global Management Committee.

Managing an extensive team, Omar is responsible for implementing the company's vision to deliver 360° value to clients through differentiated solutions with innovative digital capabilities. His cross-functional business expertise ranges across supply chain optimization, work force transformation, manufacturing execution, order fulfillment, operational planning and more. Omar has led engagements across the globe and has worked with clients in North America, China, Luxembourg, the Netherlands, Kuwait, Saudi Arabia, Belgium, and the United Arab Emirates.

Nadya Kamali

Country Managing Director
for the U.A.E.

Nadya Kamali is Country Managing Director for the U.A.E. Based in Dubai, she is responsible for leading operations across the country and driving Accenture's Health and Public Service industries, two strategic sectors in the region.

In addition to her country managing director's role for the UAE, Kamali is a member of the Accenture Middle East Executive Committee. She brings to her role 27 years of experience spanning diverse industries. She has held leadership positions with Ports, Customs and Free Zone Corporation (PCFC), DP World, and Emirates Global Aluminum (EGA), and an early experience in Dubai Municipality and Dubai Petroleum.
