Launch of Abu Dhabi Office

In 2026, Chemonics announced the opening of its Abu Dhabi office, establishing a long-term platform to support partners in the U.A.E. and across the region. The new office builds on Chemonics' investment in the U.A.E. as the center point of its supply chain operations, the firm's long-standing relationships across the Middle East, and its commitment to partnering, investing, and supporting growth across key sectors in the region.
